

The Eridani Religion

The Eridani religion comes with no warranty.

Mammon is the lord of money and a cantankerous, stalking psychopath. There's other demons like Anti-Christ, Anti-Allah, Anti-Buddha, and Am-Haah = meaning "I'm American – Haha, and you are nothing."

This is Mammon who hates life:

This is Anti-Christ who hates God:

The Revelation of John says that Anti-Christ will establish supreme reign in the world and everybody else will be forgotten. He's also known as "the whore from Babylon". He's the father of Mr. Satan and these two act like incestuous brothers, because they have no women accessible. They're hermaphrodites, so they don't need to copulate to multiply. Mr. Satan is too large – so large, that he might explode into thin air, all by himself. He acts like some type of warlord who's fighting for Anti-Christ. He's bi-sexual, that's why he appears as something the old Vikings used to call a "half-man".

This is Anti-Allah who hates the Prophet Mohammed:

This is Anti-Buddha who hates Buddhists:

This is Am-Haah who hates Vikings:

The following true high lords are counted as ten, at least in this solar system:

- 1: Buddha – the brave
- 2: Christ – the commander
- 3: Mohammed – the handsome
- 4: Odin – the lover
- 5: Saint Peter – the man
- 6: Ganesh – the wise
- 7: The Aztec King
- 8: Prince Isis
- 9: David – the politician
- 10: Manitou – the peaceful

These holy men don't approve of the before mentioned demonic forces in the Cosmos. There's no heaven or hell. We take a pause from politics and religion and get a glimpse of Atlantis – the enlightened world.

Nazism

You have two cows — the government takes both and shoots you

Capitalism
